

CRAWLEY DOWN VILLAGE C OF E SCHOOL

Year 4 ★ Water

Throughout the Summer Term, Year 4 have been investigating the topic of water and its impact on the world around us. In addition to learning about the water cycle in science and geography, we were able to visit the Bough Beech Flow Zone Education Centre and have the unique opportunity of taking a tour of a Water Treatment Works. The children were able to go behind the scenes to find out where the water we use comes from and how it has been made safe to drink.

Throughout the trip the children asked excellent questions and enjoyed lots of hands-on activities to find out just how much water the average person uses, or wastes, on a daily basis.

Since learning this, they have all pledged to be more mindful and careful with water and are trying to avoid wasting water by having shorter showers and turning the tap off when brushing their teeth.

Also linked to the water topic, the children of Year 4 explored, designed and created their own electrical working lighthouses. This required each child to work co-operatively, think creatively and attempt to solve problems in order to produce a finished piece that looked accurate and lit up when required.

KING CHARLES III CORONATION

Crawley Down School were fortunate to receive a grant from the Turners Hill Arts Society. We used this money to fund an art project themed on the coronation of King Charles III. Becky Fuller is an outstanding teacher who has been working with us for a while, delivering high quality art clubs after school. Becky decided on a mixed media portrait that the whole school could be involved in.

The artwork is currently being displayed in the school main entrance. In the summer holiday, the portrait will be sited at the Haven Centre. This will mean the whole community can come and have a look. These photographs give you a flavour of what the children were involved in. We are all very proud of their achievements. Thanks again to Becky Fuller and Turners Hill Arts Society for making this happen.

TURNERS HILL C OF E SCHOOL

As the Summer term draws to an end, we feel grateful for our amazing children and how much they have learnt and all the activities they took part in!

ROMAN DAY

The children in KS2 took part in a whole "Hands of History" day run by a fantastic company. They completed Roman soldier training, looked at Roman medicine, dressed up teachers as Roman soldiers and tried to identify different animals based on their skins and skulls.

ATHLETE VISIT – FUNDRAISING FOR SCHOOL

Our school was very lucky to have a visit from International athlete Frederick Afrifa. Not only did the children have a chance to do a circuit with him, but Fred also delivered a highly motivating sport focused assembly for them. **THE CHILDREN RAISED IN EXCESS OF £660** which will be used to purchase sport equipment for our school.

AREA SPORTS

A team of confident children represented us at Area Sports a few weeks ago; they took part in the long jump, relay and sprint amongst other events. They did us so proud with their sportsmanship and amazing behaviour!

WORTH IN THE COMMUNITY DAY

The Year 5 children were invited to Worth for their Community Day. They took part in a variety of activities, including Forest School, Drama, Art and Sport. They had a great time!

Y6 LEAVERS SERVICE AT CHRIST'S HOSPITAL

Year 6 children were invited to Christ's Hospital for their Leaver's Service. They represented the school brilliantly – well done Year 6 Leavers!
