

Strawberry Hill House

Thursday 20th October 2022

This 18th century house and gardens created by Robert Walpole and finished in 1763

The exterior has the appearance of a fairy tale Gothic castle. Whilst the interior, which has been extensively restored in recent years, is magnificent.

There are numerous art works in the splendid rooms. Of particular interest is the Gallery Room with its gilded fan vaulted ceiling. Walpole's Library has gothic arch bookcases and a painted ceiling.
